

The Scope Statement

The scope of ISO 9001:2015 QMS shall be “the design, research, development, generation and dissemination of quality and innovative research service and product information in Marine, Freshwater, Aquaculture, Fisheries and the Blue Economy for sustainable utilization of resources towards food security, employment creation and restoration of the aquatic environments.” The scope of QMS shall be limited to operations at KMFRI Headquarters, Mombasa, Kisumu and Sagana Centres.

All the design, research, development, generation and dissemination research information shall be tailored to meet her customers, and interested parties’ requirements and shall conform to the ISO 9001:2015 Quality Management System.

Applicability

All the requirements of the standard are applicable to KMFRI activities; hence there is no permissible exclusions.

Dr. Paul Sagwe Orina

DIRECTOR GENERAL/CEO, KMFRI
